◆ TRADE PRICE LIST ◆

1934

When you bring your client to our place, we quote retail, and allow you one third off, plus sale and packing charge.

References required from unknown parties.

Packing at cost.

We will ship by American Railway Express when possible, unless otherwise specified.

We have been growing Ferns for over thirty years and have made it a point to always have the best and cleanest stock that time and money can produce.

For thrip, red spider, scale, etc., we recommend a solution of Nicotine (40 per cent,) five teaspoons to each gallon of water, combined with one teaspoon of lime sulphur, applied during the hatching season about once each month.

We will be glad to confer with you about any other fern pests that may bother you.

Jobbers discount allowed.

Wholesale and Retail Establishments buy at thousand rate.

REX BEGONIAS

300 VARIETIES

We have perhaps the largest commercial assortment on the Pacific Coast and are always growing new seedlings and collecting new types.

We are not listing the names on account of lack of space and also because of the great discrepancy in nomenclature.

Most of the Rex do well in our climate if protected from frost and the burning sun, either planted out or as pot plants.
